

Minor in Neuroscience Plan of Study

Consult with a Neuroscience Advisor in either Psychology, Physiology and Neurobiology, or both, before completing this plan of study. During the first four weeks of your graduating semester, three copies of your completed plan of study, approved by one of the Neuroscience Advisors, must be submitted as follows: two copies to a Neuroscience Advisor (one will be submitted to Degree Audit), and one copy for you. Once the final plan of study has been filed with Degree Audit, changes may be made only with the consent of a Neuroscience advisor.

NOTE: Completion of a minor requires that a student earn a C (2.0) or better in each of the required courses for that minor. A maximum of 3 credits towards the minor may be transfer credits of courses equivalent to University of Connecticut courses. Substitutions are not possible for required courses in a minor.
