Instructions to students: When you are preparing your final plan of study, you must obtain department approval that you have satisfied requirements for the Molecular & Cell Biology minor. Contact an advisor in the Biology Advising Center (Biology/Physics Building Room 101) for a signature on this form. You must earn a C or better for each course in the minor.

A. Genetics Group. Check at least one of these courses.
☐ MCB 2400. Human Genetics (3 credits)
☐ MCB 2410. Genetics (3 credits)
☐ MCB 3413. Concepts of Genetic Analysis (4 credits)
☐ MCB 3201. Gene Expression (3 credits)
☐ MCB 3617. Molecular Biology and Genetics of Prokaryotes (4 credits)

B. Biochemistry Group. Check at least one of these courses.
☐ MCB 2000. Introduction to Biochemistry (4 credits)
☐ MCB 3010. Biochemistry (5 credits)

C. Cell Biology Group. Check at least one of these courses.
☐ MCB 2210. Cell Biology (3 credits)
☐ MCB 2610. Fundamentals of Microbiology (4 credits)

D. Total Credits. List and sum credits for all courses taken in MCB.
______ credits for MCB ______  [Example: “4 credits for MCB 2000”]
______ credits for MCB ______
______ credits for MCB ______
______ credits for MCB ______
______ credits for MCB ______
______ credits for MCB ______
______ credits for MCB ______
______ credits for MCB ______
______ credits for MCB ______
______ Total credits in 2000 level or higher courses in MCB (must be 15 or more).
